

**5th International Joint Seminar of St. Lukas-Klinik (Stiftung Liebenau),
EAMHID, NEED and the Prof. Anton Došen Foundation**

**Advanced Aspects of Emotional Development (SEO/ED)
in People with Intellectual and Developmental Disabilities (IDD)**

07.05.2026, Gallussaal, Stiftung Liebenau (Germany) and Online (Hybrid)

We are happy to invite you to the 5th International Joint Seminar of St. Lukas Clinic, EAMHID, NEED and the Prof. Anton Došen Foundation. During some of our previous symposiums, the basic concept of emotional development (ED) according to Prof. Dr. Anton Došen (SEO) was presented in detail. This symposium will now focus on advanced aspects of ED. For this we have been able to secure internationally renowned experts as speakers. First *Rahela Došen* will refer to the legacy of Prof. Dr. Anton Došen and the mission of the Prof. Anton Došen Foundation. *Leen De Neve and Filip Morisse* will demonstrate the meaning of ED for front-line staff caring for clients with IDD. *Els Ronsse* will talk about aspects of ED and comorbid autism in day-to-day care of people with IDD. *Jolanda Vonk* will show the relevance of sexuality in the context of ED in the primary care of people with IDD. Finally, *Trine Lise Bakken* will refer to case studies from her practice to illustrate the importance of ED for the daily care of individuals with IDD.

The lectures will be held in English and will be simultaneously interpreted to German via headphones (on-site) or dual-channel audio (online). Questions may also be asked in German. The lectures offer a high degree of practical relevance and are aimed at all professionals serving people with IDD, but especially at front-line staff providing primary care to clients with intellectual and developmental disabilities (IDD).

Program

08:00 a.m.: *Admission* (coffee, tea, water, juice)

08:30 a.m.: *Alfons Ummenhofer & Brian Fergus Barrett: Welcome and Introduction*

08:40 a.m.: *Rahela Došen: The legacy of Anton Došen and the mission of the Prof. Došen Foundation*

09:00 a.m.: *Leen De Neve & Filip Morisse: What does the level of emotional development (ED) mean for front-line staff caring for clients with IDD?*

10:45 a.m.: *Coffee break* (buttered pretzels, coffee, tea, water, juice)

11:15 a.m.: *Els Ronsse: Aspects of ED and comorbid autism in day-to-day care of clients with IDD*

01:00 p.m.: *Lunch break* (lunch box, coffee, tea, water, juice)

01:45 p.m.: *Jolanda Vonk: The relevance of sexuality in ED in the primary care of people with IDD*

03:30 p.m.: *Coffee break* (pastries, coffee, tea, water, juice)

04:00 p.m.: *Trine Lise Bakken: Practical case studies demonstrating the importance of ED in the daily care of people with IDD*

05:00 p.m.: *Alfons Ummenhofer & Brian Fergus Barrett: Farewell*
